## The Wichita Engle.

MURDOCK & BROTHER, PUBLISHERS AND PROPRIETORS. I WO DOLLARS PER YEAR, IN ADVANCE ADVERTIGING DATES MADE ENGWIN ON APPLICATION THE RATES we have established for advertising will be strictly adhered to in every instance. They are as low as charged by a majority of the papers in the West, and as low as any paper formished on a firm and lasting basis, with a large circulation, will do business. We think business men can get value received by advertising with us. We ask no one to patronize us out of charity, and do not want a man's money unless we give him value received. We could easily sill our columns with foreign advertisements, humbugs, patent medicines, etc., at less than our regular rates. But we hope that we never will be compelled to do so. Nothing speaks so well for a town and the enterprise of its citizens—its growth and prosperity—as the columns of the local paper well filled with home advertisements of home trade and business. We shall charge all alike, foreign and local, and shall not deviate from our established rates. No display type larger than plea will be used in these columns, and in no case will ents, or black and unseenly illustrations be admitted into this paper.
